KATHERINE H. SMITH  
Non-Partisan

☐

JACK O'CONNELL  
Non-Partisan

## State Ballot Measure

---

Proposition 52 - Election Day Voter Registration. Voter Fraud Penalties. Initiative Statute.

Summary: This measure allows persons who are legally eligible to vote and have valid identification to register to vote on election day at their polling place. It increases the criminal penalty for voter fraud and voter registration fraud, and makes conspiracy to commit voter fraud a crime. The measure requires that trained staff are at polling places to manage election day registration. It creates a fund to implement the measure, including training and providing personnel for election day registration. It also allows persons to register or reregister during the 28 days before election day at local election offices.
